The Legacy of Neville Goddard

Neville Goddard was a renowned spiritual teacher and author who dedicated his life to exploring the power of consciousness and its ability to shape reality. His teachings, which are now widely known as the Law of Assumption, have inspired countless people around the world to create the lives they desire by changing their beliefs and assumptions.

The Neville Collection: A Treasure Trove of Wisdom

The Neville Collection is a comprehensive collection of Neville Goddard's most influential works, including his groundbreaking book *Feeling is the Secret*. This collection provides a profound insight into his teachings and practical guidance on how to apply them to your own life.

Feeling is the Key

At the heart of Neville Goddard's teachings is the principle that feeling is the key to manifesting your desires. When you feel the way you would if you had already achieved your goal, you are sending a powerful signal to the universe that you are ready to receive it. This is why Neville often emphasized the importance of imagining yourself in the state of already

having what you want and feeling the emotions that would be associated with that experience.

Feeling is the Secret is a step-by-step guide to this process. Neville explains how to use your imagination to create vivid mental images of your desired outcome and how to dwell in those images until they become your dominant reality.

The Power of Assumption

Another key concept in Neville Goddard's teachings is the power of assumption. He believed that we create our reality by assuming it to be true. By assuming that you are already living the life you desire, you are setting in motion a chain of events that will lead you to that reality.

The Neville Collection includes several lectures on the power of assumption and provides practical exercises to help you develop this mindset.

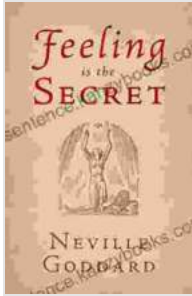

Transforming Your Reality

The Neville Collection is a powerful tool for transforming your reality. By applying the principles of feeling is the secret and the power of assumption, you can create the life you have always dreamed of.

If you are ready to take control of your life and manifest your desires, then I highly recommend the Neville Collection. This collection is a treasure trove of wisdom that has the power to change your life forever.
