My dad died last September. We spoke briefly via FaceTime before I drove against time to try and get there, to Cornwall before he died. I said "hold on dad. I'm coming" he said "I'll be right here piishop. Love you too"

By the time I got there he'd slipped into unconsciousness, as he died I held his head in my arms, told him it was okay to go and I'd love him forever. That we would all look after each other. He squeezed my hand once and died.
