In the early days of 2020, as the COVID-19 pandemic began to spread across the globe, New York City was one of the hardest-hit areas in the world. In the span of just a few months, the city that never sleeps was transformed into a ghost town, as businesses closed, schools were shuttered, and people were told to stay home.

In this gripping and unforgettable book, a group of New Yorkers share their firsthand accounts of the first year of the pandemic. From healthcare workers who risked their lives to save others, to parents who struggled to balance work and childcare, to small business owners who fought to keep their doors open, these stories offer a raw and unfiltered look at the human toll of the pandemic.

A Tapestry of Voices

The voices in this book are as diverse as the city itself. There's Maria, a nurse who worked tirelessly in the ICU, witnessing firsthand the devastation wrought by the virus. There's John, a small business owner who saw his life's work crumble before his eyes. And there's Amy, a mother of two who struggled to keep her family safe and sane during a time of unprecedented uncertainty.

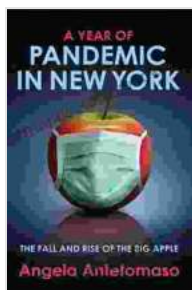

Together, these stories paint a vivid portrait of a city under siege. They are stories of loss, resilience, and hope. They are a testament to the indomitable spirit of New Yorkers, who faced unprecedented challenges with courage and compassion.

A Must-Read for Anyone Who Lived Through the Pandemic

If you lived through the pandemic, this book is a must-read. It will help you to understand the experiences of others, and to process your own. It will also remind you of the strength and resilience of the human spirit.
